

FLUIDIZING with PE-porös from KIK

HOMOGENIZING – DISCHARGING – FLOW-CONVEYING – FLUIDIZED-BED SINTERING

- Uniform fluidization due to homogeneous pore distribution
- Long service life due to smooth surface and high abrasion resistance
- Low energy consumption due to low drag
- Recognized physiological safety permits a multitude of applications

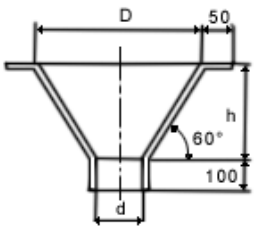

AERATION PLATES

	Length x Width in mm	Thickness in mm	Item number	Price EUR/piece	Product image 
	1000 x 1000 Items cut to size available on request	4	A10D000	133.00	
5		A10E000	141.00		
6		A10F000	148.00		
8		A10H000	164.00		
10		A10K000	183.00		
20		A10U000	295.00		

AERATION PLATES, REINFORCED

	Length x Width in mm	Thickness in mm	Item number	Price EUR/piece	Product image 
	1000 x 1000	12	A70M000	424.00
